REPORT

Event Name: Eye Checkup Camp

Agency: NSS cell of CJIT

The Christu Jyothi Institute of Technology & Science NSS team Conducting “**Eye Checkup Camp**” in view of Eye check up program on **06th August, 2018** at Jangaon. Dr.Sukanya has explained about importance of Eye camp plays a vital role in reaching the untreated poor blind people in rural areas. The main objective of the camp is to create awareness among the people which leads an intervention to clear the backlog of avoidable blindness. It is said that eyes are the windows to the soul and it is absolutely correct. Without our eyes, we are forced to live a very miserable life. Our eyes help us to see the beauty of the nature. But these days there are a lot of people who are suffering from eye disorders such as cataracts, poor vision, glaucoma night blindness, etc. Almost all faculty and 43 students participated in the celebrations. An eye camp is important because there are people who are often not aware about the available treatments to them and are unable also to reach out to hospital because of both lack of transportation and poverty. We all know that India’s population is spread across great distances so the eye camps are the most effective way to reach out to these people. To support these organizations in their initiatives, many people come forward every year and participate in their programs.
