Thus, Ayurveda translates to knowledge of life. Based on the idea that disease is due to an imbalance or stress in a person's consciousness, Ayurveda encourages certain life style interventions and natural therapies to regain a balance between the body, mind, spirit, and the environment.

REPORT

Name of the Activity: National Service Scheme – Role of Human Values in 21st Century

Resource Person: Dr. Chandrasheker Rao, Principal, CJITS

Date of the Activity: 31-10-2023

Christu Jyothi Institute of Technology & Science and the NSS cell conducted 'Role of Human Values in 21st Century' on 31-10-2022 at our college. Our NSS Coordinator Mr. D. Ramakrishna Sharma and NSS volunteers conducted the programme to staff and students. Our Secretary & Principal graced the occasion. In this program our Secretary, Principal, all head of the departments, staff members and students have participated.

The 21st century promises to be a time of scientific and technological growth at a level never before experienced in human history. The values must be of the people, for the people and by the people. They must embrace common moral decencies such as altruism, integrity, freedom, justice, honesty, truthfulness, responsibility, compassion, and must reflect the normative standards human beings discover and develop through living together. Our values are important because they help us to grow and develop. They help us to create the future we want to experience. Every individual and every organization are involved in making hundreds of decisions every day. Our values inform our thoughts, words and actions.

Values reflect our sense of right and wrong. They help us grow and develop. They help us create the future we want. The decisions we make every day are a reflection of our values.

REPORT

Name of the Activity: AWARENESS PROGRAM ON ROAD SAFETY & DRIVE

Date of the Activity: 30-11-2023

No of students participated: 37

CJITS NSS team organized awareness program on Road Safety & Drive at Jangaon on 30-11-2023. The program has started with NSS team his introductory remarks. In this program all heads of the department, staff members and students have participated.

Awareness program on Road Safety & Drive:

The compulsory safety rule being implemented in the city has received mixed response from pundits. Since many are still avoiding the road safety, students from the CJIT have decided to lead the way through a series of initiatives. In recent times, lively arguments, supporting and opposing helmets use in two-wheel riding, have made it a popular issue for public debate, those who support its use, consider the helmets an insurance against head injuries and possible death, whereas the others, while not disputing its ability to save lives oppose its use on the basis of the unhealthy side-effects it creates. However, any debate on the merits and demerits of helmets use should be with due regard to its context and situation.
