3. MAINTENANCE AND UTILIZATION OF LIBRARY

The library staff is clearly instructed in the care and handling of library documents, particularly during processing, shelving and conveyance of documents. The following steps need to be taken: Bound volumes are not to be sorted out from their fore edges, as this process weakens the binding. Shelves should not be fully packed. A too-full shelf can crack spines and cause Damage when a reader tries to remove a volume. Huge volumes need to be kept flat. Dust should not be allowed to deposit on the documents because the collection of dust causes staining, of documents and promote chemical and biological problems. Cleaning and using vacuum should be done regularly and carefully. Magnetic discs or documents containing disc(s) should not be kept open or near any magnetic or electric equipment, i.e., tape recorders, air-conditioners, etc, such materials should be kept in a dust-free, temperature and humidity-controlled room. Proper pest management is done to minimize the problems caused by insects; proper cleaning, fumigation and exposure to sunlight to the documents are done to reduce the effect of insects in the library. Repellents are used to save materials from Rats.

6. MAINTENANCE OF OTHER AMENITIES

RO consumables, membranes, filter and chemical which are to be replaced (recharged is covered within the annual maintenance contract made with the company. Cleaning of the tank is done once in three months to prevent fouling smell and deterioration/impairment in the taste of the water. The campus is equipped with 24/7 safe and adequate drinking water supply using water purifiers under Maintenance of supplier and in- house technicians. Regular maintenance of water coolers and air conditioners are done by the in-house team and major repairs are attended from external service providers. The tanks of the water coolers, filters and outdoor units of air conditioners are cleaned every month. Fire-extinguishers are installed in various blocks are maintained by the respective departments. Amenities like canteen, stationery shop and reprography accessible for all stakeholders are maintained by respective service providers. Our campuses are under surveillance and the facility is taken care of by the system administrator and with the service providers.

7. ANNUAL STOCK CHECKING

Annual stock checking of furniture, lab equipment, and stationery and reporting of repairs is done by lab in charges as a year ending activity and reported to the administration.

8. DAY TO DAY EMERGENCY MAINTENANCE

Day to day maintenance includes daily running repairs, like replacing light bulbs, repairing water leakages leaking water pipes, taps, valves and cisterns, cleaning blocked drains, repairing locks and door handles and other minor repairs that necessitate day to day maintenance checks are taken. care of by the team members.
